Experience the seamless integration of the Workforce Go! HCM human capital management platform with
SAGE 300 CRE ACCOUNTING SOFTWARE

“Workforce Go! HCM has given us the ability to empower our employees by providing them with access to their own personal data right at their fingertips. Instead of maintaining data in a benefits management platform, a spreadsheet, and our accounting software, we only have to maintain it in Workforce Go! HCM. This also simplifies the year-end procedures! Our Payroll Department has burdens lifted, allowing them additional time for training and improving other parts of our business. They find that Workforce Go! HCM allows for faster processing of bonuses/second checks, viewing/verifying employee hours, easier processing of garnishments and salary employee checks. Reports generate quickly!”
