Connect Your Processes & Empower Your People

The power of Workforce Go's bidirectional integration with Sage 100 ERP adds conveniences of cloud-based functionality that unites your people, business, and operations management into a single solution that saves time, simplifies processes, and serves your people.

Why Choose Workforce Go & Sage 100 ERP

Our integration brings Sage 100 ERP users the convenience of an API by facilitating automation, increasing scaling ability, and making real-time data available when you need it. These benefits partnered with improved error handling and more affordable, efficient maintenance help give your Sage 100 ERP system the feel and functionality of a cloud-based system.

Top Feature & Benefits

Automation:
Avoid manual file and data downloads and transfers with the convenience and functionality of an API that allows you to access real-time data when you need it.

Error Management:
Save time and effort when addressing errors by eliminating the need for manual fixes. Seamless communication ensures both systems will be updated with the same information.

Efficient, Affordable Maintenance:
Avoid extra maintenance and labor charges that an interface requires, and enjoy the ease and convenience of cloud-enabled features.

Mobile Workforce Management & Employee Self-Service:
Workforce Go adds to the cloud-enabled functionality of Sage 100 ERP by offering mobile access for time tracking, payroll, and scheduling to make real-time data available when needed. Employees also gain self-service access and can manage their information, access pay records, request time off, access training, and more.

Prepares You for the Future:
Incorporating cloud-based functionality with your Legacy system now lays the foundation for an easier transition to modern systems and technology in the future.
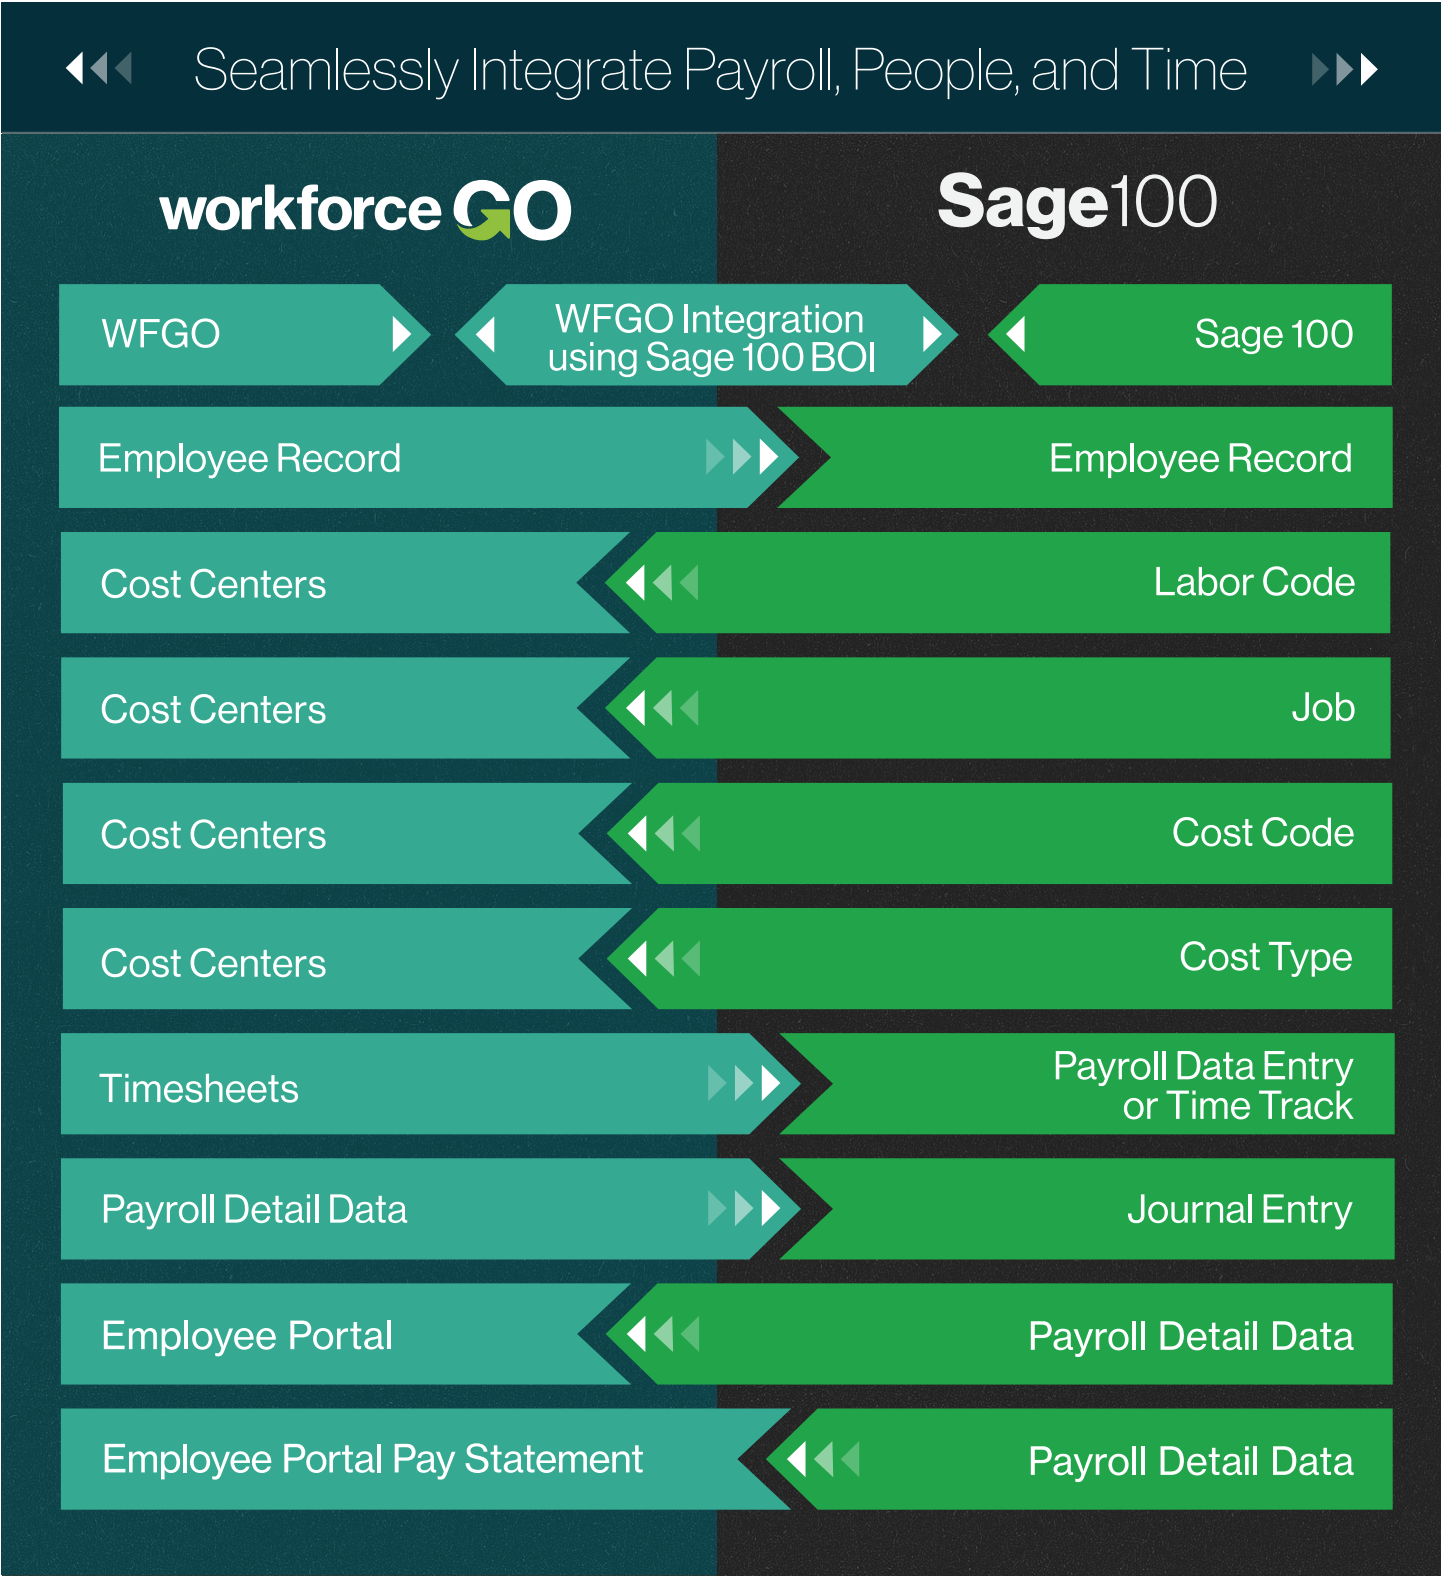

Comprehensive Payroll & HR:
You can manage, engage, and inspire your workforce from pre-hire to retire with our full suite of tools to help you get the job done efficiently and accurately. Choose the features you need and others when you're ready:

• Payroll	• Performance Management	• Time & Attendance
• Recruiting	• Compensation Management	• Leave Management
• Onboarding	• Learning Management	• Advanced Scheduling
• Benefit Management	• ACA Management
