

Who We Are:

At Workforce Go, we bring the worlds of people, business, and operations together by providing a modern, cloud-based Payroll, HR, and Time & Labor Management solution.

What We Do:

Q2 Integration:

Easily access employee **Payroll**, **HR**, and **Time** information with single sign-on through the Q2 banking platform.

Payroll:

Workforce Go provides an efficient and accurate approach to payroll processing so organizations can deliver the perfect paycheck every time.

- A modern, end-to-end solution that enables you to reduce payroll processing times
- Flexible pay rules make determining pay associated with regular or overtime hours simple in any scenario
- Automated updates help you improve compliance and mitigate risk to comply with the latest regulation changes
- Employees have mobile, self-service access to their payroll information
- Workforce Go Payroll Services will handle the tedious and complex payroll-related tasks, such as tax filing, garnishment processing, and check printing

People:

Workforce Go helps build efficient, transparent, compliant HR processes that enable organizations to effectively manage, engage, and inspire people.

- Transform processes by eliminating redundant data entry and manual tasks
- Track all employee data in a single record
- Configure your workflows, checklists, and forms to meet your needs
- Integrate seamlessly with payroll, timekeeping, and leading ERPs
- Enhance employee engagement with modern recruiting, onboarding, learning, and self-service tools

Time:

With our time and attendance, scheduling, and leave management options, organizations will have the tools to maintain compliance and boost employee productivity and engagement.

- Allow employees or supervisors to clock in and clock out using a simple interface
- Easily model current policies and align with federal and state regulations
- Gain real-time access to timekeeping data via configurable dashboards and reports
- Schedule employees with the right skills and certifications
- Minimizes absence costs through accurate tracking and notification of leave balances
- Boost employee engagement and satisfaction with mobile, self-service access

ERP Integration:

We know your industry isn't one-size-fits-all, and neither are the needs of your clients and their employees. This is why Workforce Go HCM integrates with the nation's leading ERPs to meet you where you are and help you get to where you want to go. Our integrations go beyond the basics to make sure every piece of your puzzle fits perfectly. It's more than just managing people; it's about empowering them to thrive.

Differentiators:

What Makes Us Great:

- Single Sign-On to access one integrated solution to manage their entire workforce from pre-hire to retire with tailored payroll, HR, and timekeeping tools.
- Choose only the tools they need
- Avoid installation, maintenance, and upgrade headaches with fast, efficient cloud delivery
- Reduce payroll processing time and compliance errors
- Gain real-time analytics and reporting
- Access user-friendly tools to speed up the processes and produce accurate outcomes
- Have the flexibility to quickly and easily scale processes as their business grows
- Integrate Workforce Go with their ERP or Accounting System*

ASK The Right Questions:

- How many employees does the business have?
- How many states do they have employees in?
- What systems are they using to manage employee information today?
- What ERP or Accounting system do they use?

What our clients say:

“Overall, the implementation was as smooth as it could be, which means a lot! The support has been solid, and the customer service was on point. This has been a very good investment.”
